

Efectuează testarea aplicației mobile TODO. Creează 5 bug reports în Jira pentru bug-urile găsite.

This screenshot shows a Jira bug report for issue T17-1. The title is "The blue task background is not displayed". The description states: "When adding a new task and color coding it using the blue color option, the task background does not change to blue after adding the task." The OS is listed as "iOS". The pre-conditions are "App TODO must be open on a mobile device." The steps to reproduce are: 1. Click Add task, 2. Select color option BLUE from the 3 options available, 3. Insert task name and description, 4. Create the new task. The actual result is "The background of the newly created task is displayed white." and the expected result is "The background of the newly created task is displayed blue, as selected during the Add task section." The priority is Medium and severity is Major. The reporter is Bogdan Ardelean. The right sidebar shows details like Assignee (Unassigned), Labels (None), Parent (None), Team (None), Sprint (None), Story point estimate (None), and Reporter (Bogdan Ardelean). The bottom right shows "Created 2 hours ago" and "Updated 2 hours ago".

This screenshot shows a Jira bug report for issue T17-2. The title is "Task cannot be deleted using the Delete button". The description states: "Upon creating a new task, the task cannot be deleted by using the Delete button." The OS is listed as "iOS". The pre-conditions are "App TODO must be open on a mobile device and user should be on the page of a previously created task." The steps to reproduce are: 1. Delete the selected task by pressing the Delete button. The actual result is "The Delete button is unresponsive and the task cannot be deleted." and the expected result is "The task is deleted." The priority is High and severity is Major. The reporter is Bogdan Ardelean. The right sidebar shows details like Assignee (Unassigned), Labels (None), Parent (None), Team (None), Sprint (None), Story point estimate (None), and Reporter (Bogdan Ardelean). The bottom right shows "Created 1 hour ago" and "Updated 1 hour ago".

Task field names not translated accordingly

📎 Attach 👤 Add a child issue 🔗 Link issue ▾ ⋮

Description

Upon changing the language of the app to Romanian and selecting the Add task button, the task field names, Task name and Task description, are not translated to Romanian as they remain listed in English.

OS: iOS

Pre-conditions: App TODO must be open on a mobile device.

Steps to reproduce:

- 1. Select the button Change locale and switch the app language to Romanian (RO)
- 2. Select the Aadauga sarcina (Add task) button

Actual result: Task field names Task name and Task description are listed in English.

Expected result: The above mentioned task field names should be translated and listed in Romanian.

Priority: Medium

Severity: Minor

UA language code is listed incorrectly

📎 Attach 👤 Add a child issue 🔗 Link issue ▾ ⋮

Description

On the change language menu, the incorrect 2-letter language code is used to symbolize the Ukrainian language.

OS: iOS

Pre-conditions: App TODO must be open on a mobile device.

Steps to reproduce:

- 1. Select the change locale button to view the list of available languages from the drop-down menu
- 2. Select option UK

Actual result: The code for the Ukrainian language is listed as UK

Expected result: The code for the Ukrainian language is listed as UA

Priority: Low

Severity: Minor
